

Special Risks Solutions

Aerospace

"To most people, the sky is the limit. To those who love aviation, the sky is home." (Jerry Crawford)

Universal Alliances provides support in the management and structuring of flexible and tailor made worldwide insurance solutions in the aviation industry and associated services.

We have significant underwriting and international broker experience of both the insurance market and the aviation industry. Our aviation team is committed to negotiating highly competitive premiums available in the markets. We do regard claims handling as a fundamental area of service to our clients and managing it with our partners who are the world's leading aviation insurers with proven reputation for innovation and client-focused services.

Universal Alliances offers a wide range of specialist advisors with expertise in Insurance, Reinsurance and Financial Services each providing a tailor-made service to your specific requirements. Your valuable time can be maximized by outsourcing administration. Benefit from our sustainable and innovative solutions.

Universal Alliances supports social projects with each business transaction without generating any additional cost to the client. Every deal for a better world because you have chosen us.
