

Global solutions for flight crews

"My soul is in the sky"
(William Shakespeare)

Your crew takes care of you – make sure your crew is taken care of too. Universal Alliances has chosen selected partners to provide world-class coverage of flight crew insurance and retirement solutions for crews based and deployed around the world. Providing access to a wide range of short-term disability benefits, death risk insurance, loss of license, health and accident insurance as well as attractive retirement plans. The plans can be tailored to the individual needs of each crew member, or operator's preference.

Without having to worry about worst-case scenarios, pilots, cabin crew members, aircraft engineers and aviation management & staff group can thus focus entirely on their main activity – for the benefit of the customer.

Universal Alliances offers a wide range of specialized advisors with expertise in insurance, reinsurance and financial services, each providing a tailor-made service to your specific requirements. Your valuable time can be maximized by outsourcing administration.

Benefit from our sustainable and innovative solutions. Universal Alliances supports social projects with each business transaction, without generating any additional cost to the client.

Every deal helps makes for a better world, simply because you chose us.

ECLIPSE
GLOBAL

Do you know what happened to Susan?

I forgot to tell you, she had a hiking accident.

Oh! Hopefully all medical expenses and hospital costs are covered?

Health insurance

This health insurance plan gives you and your family premium health insurance with comprehensive inpatient, outpatient and dental cover and market leading global services wherever you go.

Our solution is fully conversant with the respective local health system. We are on hand to assist you, offering the best advice and support. We also offer you direct access to medical services in the area.

Have you seen Monica lately?

No, I heard she has been retired.

Already? Fortunately, we have such a good pension plan!

Pension solutions

We provide flexible crew retirement savings for short-term assignments and long-term placements.

It also counts for employees based in countries without developed social security systems and offshore locations as well as career expats without local contracts. These investment plans can be tailored to your saving potentials and vision of a prosperous retirement.

Is John still the lead pilot on the Gulfstream?

No, unfortunately he lost his medical.

Oh, what a shame! Does he have any loss of license insurance coverage?

Loss of license insurance

The permanent loss of license insurance covers you in case of permanent suspension of your medical class 1 certificate due to an accident or an illness, causing you to cease your Activity as a pilot.

You get covered on and off duty, in case of illness and accident, until your retirement age!

Do you know, is Peter on vacation?

No, I heard he is on a long term sick leave.

Let's hope that there will be no financial turbulences!

Income and family protection

Income protection insurance takes effect if the policyholder becomes incapacitated and hence unable to work due to illness or accident. The benefits are paid out as a regular pension and thus help the insured maintain his or her accustomed standard of living and prevent excessive debt.
